

cod. **L1050 LED**

LED lamp for sewing machines - Head Mounted Lamp

Short metal arm lighting system made up of aluminum illuminator covered by anti-heat ABS case with unipolar switch on/off, n.3 power LED sources with 8°-25°-40° lens, ABS swivel adjustment and fixing, Chromium plated short metal arm. Extern LED driver - 230V.

Applications: particularly suitable for the lightning of sewing machines.

L1050RLED

ELECTRICAL FEATURES

Power supply	230V 50/60Hz (LED driver)
Led operating voltage	11,4 Vdc
Power	3 W
Current	350 mA
IEC class	I
Degree of protection	IP20
Power cable	PVC L1,5m Brown +LED Blue -LED

3 LED

MECHANICAL AND OPTICAL FEATURES

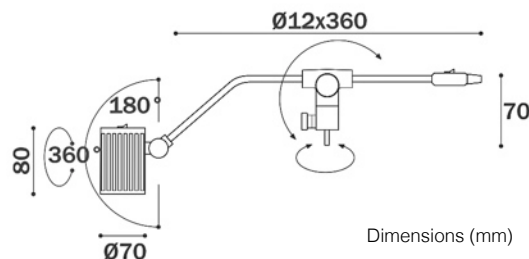

LED type	Power LED
LED lifetime	50.000 h
Lens	8°-25°-40°
Light colour	5000 K CRI75
Fastening	swivel adjustment/M8
Switch	on the spot
Weight	0,7 Kg ~

DRIVER (to be ordered separately)

Power supply 230V	cod. A0171005060503B
